Vol.5

Happy Independence Day!

Rev up for a fantastic Independence Day! At Fastback Moto, we're thrilled to celebrate with our motorcycle community. As you hit the open road to enjoy the fireworks, barbecues, and freedom of the ride, please remember: **Safety First.** Check your tires, brakes, and fuel, wear your gear, and stay alert —especially with holiday traffic.

Let's make this 4th of July a blast, both on and off the bike. Ride safe, and have fun!

The Fastback Moto Team

FUEL FACTS EVERY RIDER SHOULD KNOW

At Fastback Moto, one of the most common issues we see — especially after a bike's been parked through the winter — is old fuel causing hard starts, rough idling, or bikes that won't fire up at all. The first thing we look for is bad fuel.

SERVICE HIGHLIGHT: SEASONAL INSPECTION

Improve the overall operation and performance of your machine for the upcoming season. Pre-season inspection includes a fuel system, engine, oil, exhaust, and battery check. Your vehicle will leave in peak performance operation with a clean air filter and everything it needs for the season.

BLOG

Visit our blog for expert motorcycle tips, safety advice, and more. We're dedicated to keeping you safe on the road with practical insights and updates from our team.

Services

We are a full service shop here to help you stay safe while riding. Our skilled mechanics can provide diagnostics, tire changes, oil changes, pre-season inspections and more!
